

### DELCO ENERGIZER (BATTERY)

If the Delco Energizer in your Vehicle should fail under normal service due to a defect in material or workmanship after the 12-month, 12,000-mile New Vehicle Warranty expires, but before the Vehicle has been in operation 36 months, it can be replaced on a pro rata adjustment basis for a new Delco Energizer of equal capacity. The pro rata adjustment price of the new Energizer will be based on the number of months the original Energizer was in service commencing with the start of the New Vehicle Warranty. Contact an authorized GMC MotorHome or Delco Energizer dealer (U.S. only) for further information on such adjustments.

The provisions of Delco Energizer service adjustments do not apply (A) to failure in service due to misuse, negligence or accident, including but not limited to improper installation, freezing, failure to have Energizer inspected regularly and filled with colorless, odorless, drinking water when needed, use of electrolyte other than "battery grade" sulphuric acid solution of a specific gravity recommended by Delco-Remy Division of General Motors Corporation, or (B) to costs for recharging the Energizer or for the use of a rental Energizer.

### TIRE INFORMATION

Tires are covered by the tire manufacturer's guarantee. While the guarantees of the various tire manufacturers vary in language, they provide in general that MotorHome tires installed as original equipment at the factory are guaranteed to the owner to be free from defects in material and workmanship for the life of the original tread, as follows:

The tire manufacturer will, at its option, repair the tire without charge or make a pro rata allowance based on the amount of wear on the original tread toward the purchase of a new tire at the tire manufacturer's current Adjustment Base Price for any tire which is found by the tire manufacturer to be defective. Transportation costs and taxes must be paid by the owner and service charges may be made in some instances.

Tire guarantees are issued only by the tire manufacturers, and they specifically provide that consequential damages are not covered by the guarantees.

Any authorized GMC MotorHome dealer will assist you in requesting an adjustment if this becomes necessary. For the added convenience of owners, many GMC dealers are equipped to handle tire warranty adjustments on tires provided by GMC Truck on 1975 GMC Motor Homes.
