

GMC MOTORHOME AND COMMERCIAL TRANSMODE VEHICLE EMISSION CONTROL SYSTEMS WARRANTY

GMC Truck (GMC Truck & Coach Division, General Motors Corporation*) warrants to the original and each subsequent owner of a GMC MotorHome or Commercial TransMode Vehicle (hereinafter called "vehicle") that the engine (1) was designed, built, and equipped so as to conform at the time of sale with applicable regulations of the Federal Environmental Protection Agency, and (2) is free from defects in materials and workmanship at the time of sale which will cause the engine to fail to conform with applicable Federal Environmental Protection Agency regulations for a period of use of 50,000 miles or 5 years, whichever occurs first:

The 5-year/50,000-mile warranty period shall begin on the date the vehicle is delivered to the first retail purchaser or, if the vehicle is first placed in service as a demonstrator or company vehicle prior to sale at retail, on the date the vehicle is first placed in such service.

OWNER'S OBLIGATION

1. Perform emission system maintenance as required in Maintenance Schedule folder.
2. Receipts covering the performance of regular maintenance should be retained in the event questions arise concerning maintenance. These receipts should be transferred to each subsequent owner of the vehicle.

WHAT IS NOT COVERED BY THE WARRANTY

1. Malfunctions resulting from misuse, negligence, alteration, accident, or lack of performance of required maintenance services.
2. The replacement of expendable maintenance items which are spark plugs, positive crankcase ventilation valve, filters, hoses, belts, wires and coolant made in connection with required emission control maintenance services.
3. Loss of time, inconvenience, loss of use of the vehicle or other consequential damages.
4. Any engine in a vehicle on which the odometer mileage has been altered and the vehicle's actual mileage cannot be readily determined.

GMC Truck & Coach Division, General Motors Corporation, does not authorize any person to create for it any other obligations or liability in connection with these systems. This warranty is in addition to the GMC New Vehicle Warranty.

*For vehicles sold in Canada, substitute the name General Motors of Canada, Limited, wherever the name GMC Truck and Coach Division, General Motors Corporation, appears in this publication.

RECOMMENDATIONS FOR REQUIRED MAINTENANCE SERVICE REPLACEMENT PARTS

The emission control systems on your new vehicle engine were designed, built and tested using genuine GM Parts* and the engine is certified as being in conformity with federal regulations implementing the Clean Air Act. Accordingly, it is recommended that any replacement parts used for required maintenance services or for the repair of emission control systems be new, genuine GM parts. Use of replacement parts which are not of equivalent quality may impair the effectiveness of such systems.

***Genuine GM Parts**, when used in connection with GMC Truck & Coach vehicles, means parts manufactured by or for GMC Truck & Coach Division, designed for use on GMC vehicles and distributed by GMC Truck & Coach Division or any division or subsidiary of General Motors Corporation.

If other than new genuine GM parts are used for required maintenance service replacements or for the repair of components affecting emission control, the owner should assure himself that such parts are warranted by their manufacturer to be equivalent to genuine General Motors parts in performance and durability.

Listed below are the components affecting emissions performance of your GMC vehicle:

- Carburetor
- Carburetor Air Cleaner Element
- Carburetor Fuel Filter
- Spark Plugs
- Spark Plug Wires
- Distributor
- Fuel Tanks (Including Liquid-Vapor Separator)
- Fuel Tank Cap
- Evaporation Control System Carbon Canister(s) and Hoses
- Carbon Canister Filter
- Thermostatically Controlled Air Cleaner
- Positive Crankcase Ventilation Valve
- Positive Crankcase Ventilation Filter
- Thermal Vacuum Switch
- Throttle Return Control System (TRC)**

**Not on all Models.
